

FROG® EVERCLEAN™ MINERAL SANITIZER ✨

PERFECT FOR THE POOL SERVICE PRO

✨ LET THE MINERALS DO THE HEAVY LIFTING ✨

ONE PRODUCT. ONE SIZE. EVERY POOL ON YOUR ROUTE.

FROG® EverClean™ Mineral Sanitizer uses proprietary FROG Sanitizing Minerals* to kill bacteria – reducing the use of chlorine by up to 50%*. In salt pools, it also extends the life of the salt cell. Placed in the pump basket, the prefilled cartridge works continuously between service visits — no over-chlorinating to bridge the gap. No boosters. No guesswork. No brainer. Just perfect water, every time.

- Lasts 6 months with no boosters required
- One size - works for pools up to 30,000 gallons
- MAP protected pricing provides built-in profit for the service pro
- Faster weekly visits and no call backs
- Ideal for inground pools - works with both chlorine and salt systems
- EPA registered as a sanitizer
- **FROG EverClean Mineral Sanitizer**

Pair **FROG® ALGAE BLOCKER 4PRO™** with **FROG® EVERCLEAN™** and run entire routes with two powerful SKUs that keep pools sanitized and free of algae. Each thin fabric pod contains a concentrated dry chemical blend designed to prevent all types of algae and kill green and yellow algae. Simply drop in the skimmer and run the pump to disperse the fast-acting formula to create and maintain crystal-clear water all season long.

- Prevents all types of algae
- Protects with 25% more stain inhibitors than other algaecides
- 1 pod per 10,000 gallons last 6 months
- 1 pod is 7x lighter than a quart of liquid algaecide
